Age group:

Location: Taltech University
(<https://taltech.ee/en/>)

Group 1: age 10 to 13
Group 2: age 14 to 16

The objective of the Robotics AI bootcamp is to equip participating students with the essential skills to distinguish themselves when applying to top-tier universities worldwide.

Furthermore, the bootcamp aims to furnish students not only with theoretical knowledge but also with practical tools applicable to their academic pursuits, personal interests, and various aspects of life.

Main aim: Introduce the students to university level Programming, AI, Data Science and Robotics. Give the basic knowledge through practical experience and real-life company visits.

Outcome: Participants will receive a Certified Beginner certificate and a Certified Intermediate certificate.
